Information

Campagne [kahm-pah-nyah - Countryside] Living means a life of sustainable living, of slowing down and enjoying the small intimate moments that life has to offer, of spending time with loved ones.

We are kind on nature and completely off the grid, aiming to live a more sustainable life. We are committed to small details, which makes for unforgettable experiences and memories.

We strive to live a zero-waste lifestyle and promote responsible consuming and reusing of products or goods to ensure the impact on the environment is minimal, therefore no paper or plastic confetti, smoke bomb, balloons, streamers, feathers, Pampas grass are permitted. Only Biodegradable and eco friendly items such as dried flowers and herbs are permitted.

We run on solar power, so please bear in mind the venue is not geared for a large consumption of electricity.

Respect

At Campagne Living we invite you with respect and want to share what we created with you, we only expect the same respect in return.

Hair & Makeup Artists

For hair & makeup artists & client-please ensure you only use one electrical item at a time (hairdryer, straightener, curling tongs). No extension cords are to be used to accommodate more appliances.

This will cause tripping of the power and interrupt the flow of the day significantly if we need to keep correcting power failures.

Furniture

Our furniture and objects d'art are carefully selected and sourced, please do not move the furniture and/or stand on it without consulting us.

Cleaning

We ensure that the Hothouse and the surrounded areas are cleaned and prepared for you, please leave it in the same manner. The fee excludes the use of any staff member of Campagne Living carrying equipment or assisting with cleaning. Should you require assistance please make prior arrangements.

Recycling

We dispose of all waste through our recycling system.

There is a large bin out the back of the Hothouse that can be used and we will ensure it is sorted in the correct waste bins for recycling. Please do not throw away any food items whatsoever. We use all off cuts for compost Please do not dispose of anything besides toilet paper in the toilets, we make use of septic tanks.

Smoking

There is one dedicated smoking area (between the Hothouse and Salote (Lounge) with a large cement pot filled with river sand for cigarette buds. Please do not flick or kill any cigarettes in the gardens or grass as fires spread very quickly in this area especially in dry seasons.

Parking

Please ensure you park in the dedicated parking area and not in front of the Hothouse as this interferes with photographs being taken. If you've parked at The Hothouse for offloading your equipment, please move your vehicle to the parking area before the photoshoot is to begin.
